TIPH Mini Fair  
October 27, 2025

**Meg Krudysz**  
**Director of Admissions**

**Margaret.Krudysz@sph.cuny.edu**

# CUNY SPH

- 55 West 125<sup>th</sup> Street in Harlem
- Graduate School
- 1,000 total graduate students
- CEPH Accredited (Council on Education for Public Health)

# CAMPUS - 55 WEST 125<sup>TH</sup> STREET

# Graduate Programs at CUNY SPH

- **3 Doctoral (PhD)**
  - In-Person
- **6 Master's of Public Health (MPH)**
  - In-Person/Hybrid and Fully Online
- **3 Master's of Science (MS)**
  - Fully Online
  - MS in Industrial Hygiene in Person and Online
- **2 Certificate**
  - Fully Online

# Graduate Programs at CUNY SPH

## 6 Master's of Public Health (MPH)

- MPH in Community Health
- MPH in Environmental and Occupational Health Sciences
- MPH in Epidemiology and Biostatistics
- MPH in Health Policy and Management
- MPH in Public Health Nutrition
- MPH in Sexual and Reproductive Justice and Health

# Graduate Programs at CUNY SPH

## 3 Master's of Science (MS)

- MS in Environmental and Occupational Health Sciences
- MS in Health Communication for Social Change
- MS in Population Health Informatics

# Graduate Programs at CUNY SPH

## 2 Certificate Programs

- Advanced Certificate in Public Health
  - First 5 core courses all MPH students have to take
  - Transferable to MPH and MS degrees
- Advanced Certificate in Industrial Hygiene
  - Transferable to MPH and MS in EOHS

# Flexible schedule

## Online programs (MPH, MS, Certificate)

- Synchronous and Asynchronous options
- Low tuition for out of state students

## In-person/hybrid programs (MPH)

- Monday-Thursday
- Evening courses (4-10pm)

## Part-time or Full-time options available

- Most students take 2-3 courses per semester
- Graduate within 2-4 years

## Cost of Attendance (MPH programs)

**NYS Residents – Hybrid and fully online programs:**  
**\$620 per credit for MPH = \$26,040**

**Out of state Residents – Fully online programs:**  
**\$745 per credit for MPH = \$31,290**

**Out of state Residents – Hybrid programs:**  
**\$1,005 per credit for MPH = \$42,210**

# Funding Opportunities – MPH

## Dean's Scholarship

- Covers ~30% of your overall in-state tuition (12 out of 42 credits)
- Minimum GPA 3.5
- No additional application

## Merit Scholarship

- Covers ~25% of your overall in-state tuition (9 out of 42 credits)
- Minimum GPA 3.3
- No additional application

# Funding Opportunities – MPH

## Molina Scholarship for Health Equity

- \$1250 per semester for four consecutive semesters (\$5,000 total)
- Must reside in New York and be first-time graduate degree candidates.
- Must have experience working in Latino communities in the U.S., be fluent in Spanish, and demonstrate their commitment to working towards health equity for Latinos.
- Supplemental application

# Funding Opportunities – MS

## National Institute for Occupational Safety and Health (NIOSH) Scholarship

- At least 24 credits of in-state tuition reimbursement.
- Minimum cumulative GPA of 3.0.
- Considerations will be given to promising applicants that are currently working in the field.
- All applicants must have completed at least 40 credit hours in the following courses: biology, chemistry, health sciences, mathematics, statistics, physics, or engineering prior to admission

# Funding Opportunities – MS

## National Institute of Environmental Health Sciences Research Assistantship

- Full coverage of in-state tuition. In addition to tuition reimbursement, we will provide five graduate assistantships per year (approximately \$20,000) for students to work with faculty mentors in the research areas of sensor technology development and validation
- Eligibility is restricted to U.S. citizens or permanent residents who are prepared to work part time with a faculty mentor

# College of Health Professions

# MPH Admission Requirements

- Apply online via the Schools of Public Health Application Services (SOPHAS) (SOPHAS - <http://www.sophas.org>)
- B.S., B.A., or equivalent from an accredited U.S. institution or recognized international institution (120 hours of college credit) with 3 hours minimum each of college math, and biology. Official transcripts must be provided.
- Cumulative GPA of 2.85 on a 4.0 scale
- **GRE not required**
- Submit a 750 word personal statement
- Three (3) letters of reference (1/3 must be from previous professors, 2/3 can be from another professor, academic advisor or mentor, employer, or community/volunteer service supervisor)
- 30 hours of community service are also required
- Deadline: July 1

# DrPH Admission Requirements

- Apply online via the Schools of Public Health Application Services (SOPHAS) (SOPHAS - <http://www.sophas.org>) - Choose **one** concentration.
- Cumulative GPA of 3.0 or higher on a 4.0 scale in prior graduate work
- Applicants must have one of the following from a CEPH accredited school/program: Master of Public Health degree, an equivalent degree with similar core MPH coursework, or a terminal degree. Official transcripts must be sent directly to SOPHAS from all colleges/universities attended.
- Submit a 750-word personal statement describing how the DrPH program aligns with the applicant's life, educational, and career goals
- **Three (3) letters of reference** (*1/3 must be from current or previous professor, 2/3 can be from another professor, employer, or colleague*)
- Applicants are **required to have one year minimum of public health or public health-related practical experience.** **GRE scores are not required** (SOPHAS 0127).
- Current resume/CV
- Deadline: October 1

# Program Schedule

## LENGTH OF PROGRAM

- Designed to be completed in two academic years, or five consecutive semesters.
- Accelerated program to be completed in one year, or three consecutive semesters.

## CLASS TIMES

- Fall and Spring Semester: Classes are held Monday -Thursday from 6:00 pm. to 9:00 pm.
- Summer Semester: Due to a shorter semester length, courses meet from 6:00 pm to 10:00 pm.

## CLASS FORMAT

- Campus
- On-line
- Hybrid

## LENGTH OF PROGRAM

- Designed to be completed in two and one half academic years, or seven consecutive semesters.

## CLASS TIMES

- Fall and Spring Semester: Classes are held Monday -Thursday from 6:00 pm. to 9:00 pm.
- Summer Semester: Due to a shorter semester length, courses meet from 6:00 pm to 10:00 pm.

## CLASS FORMAT

- Campus or online
- **Social Epidemiology Concentration** – on campus
- **Diverse Populations and Health Equity Concentration** - online

# Financial Planning Cost of the MPH Program

## Master of Public Health

- Tuition (per credit hour): **\$1,029**
- Technology and Facilities Fee (per semester): **\$150**
- Textbooks (per semester): **\$500**
- Other Fees\*: **\$2,000**

\*Tuition and fees are estimated and are subject to change each year upon the recommendation and approval of the Board of Trustees. Applicants should refer to the Mercer University Bursar's website for the most accurate rates: <http://bursar.mercer.edu>. The tuition and fees may be tax deductible. Check with your tax adviser for more information.

\*Other fees for virtual software to allow students access to all MPH software including Microsoft Office, SPSS, etc., student insurance, and practicum/internship fees.

# Financial Planning Cost of the DrPH Program

## Doctor of Public Health

- Tuition (per credit hour): **\$1,029**
- Technology and Facilities Fee (per semester): **\$150**
- Textbooks (per semester): **\$500**
- Other Fees\*: **\$2,000**

Tuition and fees are estimated and are subject to change each year upon the recommendation and approval of the Board of Trustees. Applicants should refer to the Mercer University Bursar's website for the most accurate rates:

<http://bursar.mercer.edu>. The tuition and fees may be tax deductible. Check with your tax adviser for more information.

\*\*Other fees for virtual software to allow students access to all DrPH software including Microsoft Office, SPSS, etc., student insurance, and dissertation fees.

# Why Mercer?

# Why Mercer?

Mercer is a recognized national leader in health education.

- **Accredited by CEPH** (the Council on Education in Public Health).
- There is no cap for admissions, generally **class sizes are smaller and personal (15 - 25 students)**.
- Flexible class schedules for students who have full-time employment.
- **Program offerings are unique from those offered at other colleges or universities.**
  - The Mercer **MPH** provides opportunities for students to specialize in **Diverse Populations & Health Equity**.
  - The Mercer **DrPH** provides opportunities for students to **specialize in two areas: Social Epidemiology or Diverse Populations & Health Equity**.

# Why Mercer?

- The generalist MPH degree and DrPH concentrations align with the multidisciplinary nature of public health providing varied **opportunities for careers.**
- The Master of Public Health program **prepares graduates to advance Public Health practice in communities to promote social justice and health equity.**
- The Doctor of Public Health program **prepares graduates to be transformative leaders.**

## UAlbany Campus

## College of Integrated Health Sciences

- The University at Albany created the College of Integrated Health Sciences in 2024. This college includes the former School of Public Health, the School of Social Welfare, and new nursing programs.
- Offering the following graduate degree programs in many areas of study.
  - MPH – on campus and online
  - MD/MPH, JD/MPH, MSW/MPH
  - MS
  - PhD
  - DrPH
  - MS Nursing - online
  - MSW – on campus and online
  - Graduate Certificates – on campus and online

## College of Integrated Health Sciences

### ➤ Areas of Study

**Masters (MPH, MS) and**

**Doctoral (PhD, DrPH) Degrees**

- Biomedical Sciences (STEM)
- Biostatistics (STEM)
- Environmental Health Sciences (STEM)
- Epidemiology (STEM)
- Health Policy and Management
- Social Behavior and Community Health
- Public Health Practice (fully online)
- Public Health (DrPH only)
- Nursing
- Social Welfare

### Graduate Certificates of Study

- Public Health Fundamentals (fully online)
- Global Health Studies (fully online)\*
- Health Disparities \*
- HIV Studies \*
- Maternal and Child Health\*
- Public Health Surveillance and Preparedness (fully online)\*

\*Complete a certificate while completing your MPH and the credits count as your electives.

## The Albany Advantage

- Located in Albany, New York in the Northeast US, with access to urban/rural communities, and internship/research opportunities in government, state and local health departments, private sector, not-for-profit, community based, healthcare, and pharmaceutical settings.
- We are the **only public health college or program in the country in partnership with a state health department** (a 40-year partnership), which provides direct access to public health professionals and leaders in the field, databases, hands-on experience, research facilities, real-world collaboration, and professional networking opportunities.

## The Albany Advantage

- The AI Plus Institute at the University at Albany is a leading center for cutting-edge artificial intelligence (AI) research, education and collaboration. AI is embedded into every discipline.
- The Center for the Elimination of Minority Health Disparities (CEMHD) at the University at Albany is a collaborative effort focused on minority health disparities in New York's smaller cities and towns. The director of the Center is a CIHS faculty member.

## Unmatched Internship Experience

- MPH students complete 720 hours of internship experience (nation-wide average is 300 hours) in two different settings. Internship director assists with internship matching.
- Internships are available in government, state and local health departments, private sector, not-for-profit, community based, healthcare, pharmaceutical, and international settings. 70-80% of our internships are paid. 34% of internships lead to job offers at that organization.
- Networking opportunities for all students with professional and senior level staff in the New York State Department of Health lead to jobs in Albany and beyond.

## Affordability

- As a public research university, UAlbany costs considerably less than most private institutions.
- MPH and MS students with a 3.0 undergraduate GPA automatically receive a Dean's Merit award. \$4,000 for domestic students, \$8,000 for domestic non-residents, and \$10,000 for international students – applied in equal installments over four semesters.
- This is before any scholarships from the College of Integrated Health Sciences or student loans are

## Affordability

Degree 2 year program	Residency	Credits	Tuition	Dean's Merit	Net Tution	Student Fees*	Out of Pocket Cost
MPH	New York State	51	\$24,021	\$4,000	\$20,021	\$5,500*	\$25,521
MPH	Non-Resident	51	\$42,051	\$8,000	\$34,051	\$5,500*	\$39,551
MPH	Non-Resident Online	51	\$28,815	\$8,000	\$20,815	\$5,500*	\$26,315
MPH	International	51	\$54,672	\$10,000	\$44,674	\$5,500**	\$50,174

\* Student fees are approximate and are based on the number of credits registered each semester.

\*\* International students have additional fees which include International Health Insurance, MEDEX Medical Evacuation Fee and SEVIS Fee.

The cost of the MPH at UAlbany is less than half the cost of just one year of study at most private institutions, even after receiving scholarships at those institutions.

## Signature Research Strengths

- **Biomedical Sciences** – Bacterial infectious disease, vector-borne disease, structural biology, assay development for clinical diagnostics. Research conducted in Wadsworth Center, NYS Public Health Laboratory and funded by NIH grants that cover student stipends.
- **Biostatistics** – Statistical theory advancement and methods in artificial intelligence, precision medicine, bioinformatics, spatiotemporal analysis, stochastic processes, and applied biostatistics.
- **Epidemiology** – Applied epidemiology, infectious disease epidemiology, artificial intelligence, social epidemiology and health equity, and molecular epidemiology.

## Signature Research Strengths

- **Environmental Health Sciences** – Air pollution, drinking water quality and health risks, climate change and extreme weather events, sustainability and green design, environmental contamination and assessment of health risks, food and consumer products, and toxicological studies of various human health outcomes.
- **Health Policy and Management** – Health delivery systems, health analytics, digital health, health care reform, health administration, health workforce, long-term care and aging.
- **Social Behavior and Community Health** – Health disparities, community engaged research, maternal, child and family health, health promotion, program evaluation, drug user health, social determinants of health.

## Deadlines

Program*	Deadline	Deadline Type	Deadline Description	Admission Term
<b>PhD / DrPH</b>	December 15	Final	Final deadline	Fall only
<b>MS / MPH</b>	January 15	Priority	Deadline for first round CIHS scholarships	Fall only*
<b>MS / MPH</b>	March 1	General	Deadline for second round CIHS scholarships – if available	Fall only*
<b>Online MPH</b>	Rolling	General	Rolling	Spring, Summer, Fall

\*MPH applicants interested in starting in spring may apply to the 18-credit (6 course) online Certificate in Public Health Fundamentals and transfer completed courses to the MPH when enrolling in the fall semester.

## Admission Requirements

- MPH applications are reviewed holistically. Grade trends from lower to upper level, and grades in courses relevant to area of study are taken into consideration.
- Doctoral applications are reviewed in the context of research focus and fit with a faculty mentor.
- Admission requirements for each degree are detailed on the individual academic program page on our web site.
- Visit the CIHS home page [albany.edu/cihs](http://albany.edu/cihs) to read about the research and activities our faculty and students are conducting and engaged in.
- Visit the CIHS admissions website, where you can chat with a current student or schedule an individual appointment with an admissions staff member - [albany.edu/cihs/admissions](http://albany.edu/cihs/admissions)

# University of Miami

UNIVERSITY OF MIAMI  
MILLER SCHOOL OF MEDICINE  
DEPARTMENT of  
PUBLIC HEALTH SCIENCES

# Welcome

**Ginelle Solis, EdD, MPA**

*Director of Admissions and Recruitment*

[gxb557@miami.edu](mailto:gxb557@miami.edu)

# Master of Public Health

Elevate your career with our Master of Public Health (MPH) program, designed for passionate individuals dedicated to advancing health promotion, effective communication, healthcare administration, and health ethics. Our interdisciplinary curriculum empowers you to integrate diverse public health disciplines, preparing you to lead and innovate in various settings.

Graduates thrive in a wide range of environments, including hospitals, consulting firms, international organizations, government agencies, health departments, managed care organizations, and community-based nonprofits. Join our MPH program to make a meaningful impact on public health and shape a healthier future for communities worldwide.

**42 Credits**

**42 Credits**

# Accelerated Option

The Accelerated MPH program offers the same comprehensive 42-credit curriculum as the traditional MPH but is completed in just one calendar year. Ideal for students in a gap year before professional school, this intensive program begins in the summer semester, with coursework continuing through the fall, winter intersession, spring, and spring intersession, concluding in the following summer.

**42 Credits**

# Online Option

The Online MPH program prepares future healthcare leaders to address public health challenges locally and globally. Students gain core competencies in essential public health areas, including research design, data and policy analysis, communications, program planning, and public health systems. The curriculum also emphasizes U.S. and Latin American health services, ethical issues, and the needs of special populations, equipping graduates to make informed, impactful decisions in diverse public health environments. For more information, please contact Dr. Nezami at [exn396@med.miami.edu](mailto:exn396@med.miami.edu).

# GRADUATE DEGREES OFFERED

---

Our programs promotes an environment of learning and inquiry, stressing the scientific method as a way of generating knowledge about common pathways in health and illness.

## MASTER'S DEGREES

- Master of Public Health (MPH)
- Online Master of Public Health (MPH)
- Accelerated Master of Public Health (MPH)
- Master of Science in Public Health (MSPH)
- Master of Science in Biostatistics (MS BST)
- Master of Science in Prevention Science and Community Health (MS PSCH)

## DOCTORAL DEGREES

- Doctor of Philosophy in Biostatistics (PhD BST)
- Doctor of Philosophy in Epidemiology (PhD EPI)
- Doctor of Philosophy in Prevention Science and Community Health (PhD PSCH)

## JOINT DEGREES

- Bachelor of Science in Health Sciences (BSHS) + MPH
- Bachelor of Science in Health Sciences (BSHS) + Online MPH
- Bachelor of Science in Health Sciences (BSHS) + MSPH
- Bachelor of Science in Public Health (BSPH) + MPH
- Bachelor of Science in Public Health (BSPH) + Online MPH
- Bachelor of Science in Public Health (BSPH) + MSPH
- MPH + Master of Arts in International Administration (MAIA)
- MPH + Master of Arts in Latin American Studies (LAS)
- MPH + Master of Public Administration (MPA)
- MPH + Juris Doctorate (JD)
- MPH + Doctor of Medicine (MD)
- PhD + Doctor of Medicine (MD)
- 

## CERTIFICATES

- Public Health Graduate Certificate
- BEAM Certificate Program

# Funding Opportunities

- Tuition waivers up to \$60,000 for MPH (on-campus & Online) and MSPH
- MS in Prevention Science & Community Health: waivers up to \$20,000
- MS in Biostatistics: waivers up to \$7,500
- 4+1 Programs: approximately \$60,000 in built-in tuition savings for all enrolled 4+1 students

All admitted students are automatically considered for tuition waivers—no separate application required.

- Tuition waivers
- Travel awards for conferences
- Awards for Capstone Program and Thesis Project

- Graduate, Research, and Teaching Assistant positions
- Support for the Certified Public Health (CPH) Exam
- PhD Stipends and Health Insurance Benefits

# Why study Public Health at University of Miami?

# Why study Public Health at University of Miami?

Location on UM's Medical Campus in Miami's Health District

Endless Opportunities

Diverse Learning Environment and Inclusive Culture

# Application Process

The following application and supplementary materials must be submitted online at [www.sophas.org](http://www.sophas.org). Visit our [website](#) for more detailed admissions information.

## Statement of Purpose/Personal Statement

The Statement of Purpose is a narrative that discusses an applicant's past education, experiences, and current professional career objectives. The limit is 1,500 words.

## Curriculum Vitae or Resume

All applicants must submit a complete, up-to-date CV/resume that includes all previous and current employment, activities, leadership positions, community service, research, education and academic or professional awards or honors.

## Letters of Recommendation (3 required)

All applicants are required to submit a minimum of three letters of recommendation from professionals who are best able to assess their ability to be successful in a graduate degree program. Ideally, recommenders are recent professors, researcher mentors, professionals or employers in a related field.

## Official Transcript(s) from all institutions attended

All official academic records including degree and certificate programs, English language programs, and incomplete coursework/degrees from all previously attended colleges and universities must be sent directly to SOPHAS for verification.

*GRE is only required the PhD in Biostatistics and the PhD in Epidemiology programs.*

# International Applicants

- All non-U.S. transcripts must be evaluated by the World Education Service (WES) using the ICAP Course-by-Course evaluation service.
- Applicants are required to mail an additional complete set of all official transcript(s) and a photocopy of the diploma(s).
- English Proficiency Exam is required.
  - TOEFL minimum score of 80.
  - IELTS minimum score of 6.5.
  - Duolingo minimum score of 124
- As STEM classified degrees, international students are granted a total of three years optional practice training (OPT) to establish their career in the United States upon graduation.

# Application Deadlines:

## Spring 2026

### **Master Programs**

- Priority Deadline: November 1, 2025
- Final Deadline: December 1, 2025

### **Doctoral Programs**

- PhD EPI and PhD PSCH: December 1, 2025
- PhD BST: January 1, 2026

## Fall 2026

- Priority Deadline: March 1, 2026
- Final Deadline: June 15, 2026

# School of Public Health

- **Our Mission:** *To ensure all can live longer, healthier lives.*
- **Our Vision:** *To promote health through excellence in interdisciplinary population health science and scholarship, distinction in educational programs, and a deep commitment to local and global impact.*
- **Our Values:** *The School of Public Health is committed to excellence, hard work, compassion, and integrity. We aspire to an optimistic, inclusive community — of faculty, staff, students, alumni, and friends of the school — that is pragmatically focused on advancing our shared mission.*

# The Ninth School at WashU

- The School of Public Health is the newest addition to Washington University and is the 1<sup>st</sup> school to be added to the University in 100 years. More than a school, the School of Public Health will be an interdisciplinary, collaborative, innovative, data-driven and people-focused home for research and education to address the most current and future challenges locally, nationally and globally.

# Program Offerings

# MPH Application Requirements

- All applications must be submitted through SOPHAS (School of Public Health Application Service). All students must pay the application fee before submitting their application. *\*note: Washington University in St. Louis does not provide SOPHAS application fee waivers.*
  - <https://aspgh.org/student-journey/sophas/>
- Required Documentation
  - Transcripts from ALL institutions attended
    - *For international transcripts, an evaluation through WES, TEC, or another NACES organization will be required. This can be completed through SOPHAS.*
  - 3 Letters of Recommendation
  - Personal Statement Essay
  - Resume
  - Video Interview through Kira Talent.
    - *This can be completed after the application has been submitted.*

## Tuition and Fees

Tuition/fees	\$43,710
Mandatory fees	\$812
Estimated costs	\$27,900
<b>Total estimated cost</b>	<b>\$72,422</b>

## Financial Aid

- **Scholarship Opportunity:** *The School of Public Health offers a range of partial-tuition scholarships. To be considered, students must complete the WashU School of Public Health scholarship consideration form within the WashU graduate admissions portal after submitting the SOPHAS application.*
- **FAFSA:** *Students planning to utilize federal student aid will need to complete a FAFSA.*
  - Required information: most recent tax return, Federal Student Aid ID, and WashU's school code (002520).
  - File as independent; no parent application needed.

# Doctorate in Public Health Studies

- The School of Public Health's PhD in Public Health Sciences prepares students to think critically as public health scientists, succeed as independent investigators, and understand and address public health challenges for the nation and the world.
- The PhD program is a highly competitive program which provides full-cost tuition to its students.
- **Application Requirements:**
  - SOPHAS application and application fee
  - Official academic transcripts
  - 3 Letter of Recommendation
  - Resume or CV
  - Statement of Purpose
    - Provide a statement discussing your reasons for interest in public health and significant factors influencing your decision to pursue a Ph.D. at Washington University in St. Louis, including proposed research topics, career goals, and how you feel our faculty, research centers, or other opportunities will be conducive to meeting your goals. Your essay should be 2-3 pages, single-spaced (1500 words maximum), and specifically tailored to your application for Washington University in St. Louis.
  - KIRA Talent video interview
